COMMITTEE ON PROCUREMENT OF FOREIGN PUBLICATIONS

20 July 1961

MEMORANDUM FOR: Chairman, Committee on Exploitation of Foreign  
Language Publications

SUBJECT: Transmittal of Report

25X1A9a

1. Attached is Mr. [REDACTED]'s comprehensive report of his recent travel in Western Europe during which he thoroughly explored the availability of Chicom materials. As you will see, he had to resort to clandestine service techniques to accomplish part of his mission. For that reason, this report should be limited to yourself and your close associates. It should not be shown to non-USIB personnel.

2. If you desire, Mr. [REDACTED] would be happy to brief the CEFLP on his findings at a classified but non-restricted level.
